

Tercer trimestre año 2014  
Programa 03  
Glosa 04 PROGRAMA DE MEJORAMIENTO URBANO Y EQUIPAMIENTO COMUNAL

|                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Requerimiento: | Mediante Resolución de la Subsecretaría de Desarrollo Regional y Administrativo, visada por la Dirección de Presupuestos, se distribuirá entre las regiones del país un 75% de estos recursos en el mes de diciembre del año 2013, en proporción directa al número de desempleados y de comunas de cada una de ellas. Corresponderá a los Consejos Regionales resolver, a más tardar durante el mes de enero del año 2014, sobre la base de la proposición del Intendente, la distribución de los recursos entre las comunas. La determinación de los proyectos específicos que se financiarán corresponderá a los municipios de entre la cartera de proyectos que se encuentren elegibles en la Plataforma SUBDERE en línea del programa.<br>La Subsecretaría deberá informar trimestralmente a las comisiones de Hacienda de ambas Cámaras y a la Comisión Especial Mixta de Presupuestos la distribución de los recursos a nivel regional y comunal, ordenados por comuna, con especificación de los criterios utilizados para aquélla, los proyectos a financiar y de los beneficiarios por comuna de los empleos de emergencia.<br>Además, deberá informar en la misma oportunidad el origen de los recursos incrementales que tenga el programa. Esta información la proporcionará dentro de los treinta días siguientes a la fecha de término del trimestre respectivo.<br>El 25% restante podrá destinarse, a petición de los Intendentes, mediante Resolución de la Subsecretaría de Desarrollo Regional y Administrativo, a proyectos que permitan enfrentar situaciones de emergencia. Los proyectos que se financien deberán ser informados a los Alcaldes y Concejos Municipales respectivos.<br>Esta asignación incluye \$1.800.000 miles para ser transferidos a la Municipalidad de San Antonio.<br>La Subsecretaría deberá informar trimestralmente a las comisiones de Hacienda del Senado y de la Cámara de Diputados la distribución de los recursos a nivel regional y comunal, los criterios utilizados para tal distribución y la especificación de los proyectos a financiar con cargo a éstos. Esta información la proporcionará dentro de los treinta días siguientes a la fecha de término del mes respectivo. Asimismo, en igual plazo, dicha información debe ser publicada en formato electrónico en la página web de la Subsecretaría de Desarrollo Regional y Administrativo. Deberá, asimismo, remitir información sobre la ejecución presupuestaria a la Oficina de Presupuestos del Senado. Los precitados informes deberán incorporar respecto a los proyectos a financiar el monto por el cual fue aprobado y el porcentaje de recursos ejecutado a la fecha de remisión del informe. En cuanto a los proyectos de arrastre del año anterior se deberá informar el monto vigente del proyecto, la transferencia acumulada y la transferencia que se realizará durante el 2014. |
